Arizona's Virtual Pharmacy Tech School

Dear Prospective Student:

Thank you for considering our Pharmacy Technician Program at Arizona's Virtual Pharmacy Tech School. Pharmacy Technicians work in various work settings and play a crucial role in helping pharmacist dispense or administer medications to patients in hospitals or many different healthcare facilities. Pharmacy Technicians operate and utilize some of the state-of-the-art technology to prepare or process prescriptions. If you enjoy working with people in the field of pharmaceutical care, this is the career for you.

Our school is licensed by the **Arizona State Board for Postsecondary Education** and our school is also a **PTCB-Recognized Education Training Program**. Therefore, when students complete our training program they are eligible to sit for the PTCBCE (Pharmacy Technician Certification Board Certified Exam).

If you have any questions regarding this program or admissions please contact an admission advisor at (602) 546-7804. Thank you for your interest in our program and I wish you success in all your career endeavors.

Sincerely,

Carnell Edwards

Externship/Practicum

The pharmacy externship helps students transition from the online (or virtual learning) class room to the clinical practice which is a crucial step in becoming a pharmacy technician. Under the guidance of a licensed pharmacist students will learn how to fill, process, and compound medications. Most students will complete their externship at **Walgreens** or **Pillpack** or another retail pharmacy where they are given the opportunity to showcase their online knowledge to the real world environment. This experience may lead to gainful employment.

Fingerprint Clearance Card

All students are required to obtain a **Level One Fingerprint Clearance Card** prior to attending any onsite Externship. Students must go to the following website to obtain their card (<http://ww.azdps.gov>).
